

Phishing Email Analysis Report

Email Subject: Your Account Has Been Suspended

Sender: support@paypa1.com

Phishing Indicators Found

Indicator	Observation
Sender Email	Spoofed domain (paypa1.com instead of paypal.com)
Subject	Creates urgency
Greeting	Generic ("Dear Customer")
Links	URL redirects to an unrelated website
Attachments	Suspicious ZIP attachment
Language	Threatening tone used
Grammar	Several spelling and grammar mistakes
Email Headers	SPF/DKIM/DMARC failed (if applicable)

Conclusion

The email exhibits multiple phishing characteristics, including a spoofed sender address, suspicious hyperlinks, urgent language, and grammatical errors. These indicators strongly suggest that the email is a phishing attempt intended to trick recipients into revealing sensitive information or downloading malicious content.
